

# 2016 ~ 2017

## All-Fair Training Opportunities

As fair industry professionals, it's imperative that we keep our business skills sharp and that we stay on top of the trends and issues facing our industry today. To this end, CDFA's Fairs & Expositions Branch, California Fair Services Authority and Western Fairs Association have teamed together to develop a series of training opportunities of benefit to fair CEOs, office staff, exhibit and livestock supervisors, maintenance teams, and everyone else instrumental in a fairground's success.

We hope that by knowing the training dates in advance you will have a chance to work any projected costs into your budget and the dates into your and your staff's busy schedules. Remember too, your training expenses could qualify for reimbursement through the 2016/2017 fair training allocation program. Check with Fairs & Expositions for details.

Watch your email, and visit CFSA and WFA's websites for training updates and details as we get closer to each event's date.
