

ALLIANT PROPERTY INSURANCE PROGRAM

CFSA administers the Alliant Property Insurance Program. The participating fairs in the program pay premiums based on individual fair property values. The program consists of an all-risk property insurance coverage with limits up to \$1 billion, and boiler and machinery insurance coverage. The program protects all fair buildings located on the fairgrounds of participating fairs. Each individual fair has a per-loss deductible of \$50,000. The program includes the requirement that a participating fair must maintain at least \$100,000 in business personal property coverage. The program offers optional coverages for contractors/mobile equipment and business interruption/rents losses.

Coverage highlights:

◆ Coverage Limits	All-risk protection for buildings: \$1,000,000,000 per occurrence, subject to the fair deductible. Flood protection for buildings <u>not</u> located in a designated flood zone: \$50,000,000 per occurrence/annual aggregate, subject to the fair deductible. Flood protection for buildings located in a designated flood zone: \$25,000,000 per occurrence, subject to the fair deductible. All-risk protection resulting from acts of terrorism for buildings: \$250,000,000 per occurrence, subject to the fair deductible. Boiler and machinery coverage for covered objects at fairs: \$100,000,000 per occurrence, subject to a deductible of \$2,500 per loss. Business personal property, contractors/mobile equipment and business interruption/rents coverages: Limits selected by fairs, subject to a deductible of \$50,000 per loss.
