

**Need Liability Coverage for
an Event You're Having
on a Fairground?
Talk to the Fair Office First!**

California Fair Services Authority's Special Events Liability Program provides general liability coverage for special events operators using California fair facilities for non-hazardous events. Created as an inexpensive alternative to commercial coverage, the Special Events Program is available from the fair at which the facilities are being used.

California Fair Services Authority (CFSA) is a joint powers authority operating as an independent, not-for-profit public agency. CFSA manages and administers a variety of pooled risk protection programs exclusively for California's fairs.

**Why Do You Need
Liability Protection?**

The State of California requires every user of a fairground facility to provide liability insurance coverage naming the State and the fair where the event is held as additional insureds.

CFSA's Special Events Liability Program meets the State's requirements by responding to claims from third parties alleging bodily injury or property damage from an event held at the fair.

What Kind of Protection Am I Buying?

CFSA's Special Events Liability Program* covers you, the fair and the State of California in case an accident occurs involving a third party during your event at a fair facility.

The program provides protection similar to commercial general liability coverage, with combined single limits of \$1,000,000 per occurrence. This provides protection for liability arising from:

Bodily Injury/Property Damage

Personal and Advertising Injury

Liquor Liability (for an additional premium)

**Important:* This is a summary only. It does not include all of the terms, conditions and limitations in the actual Special Events Program Memorandum of Coverage.

A copy of the memorandum is available from the fair or by contacting CFSA at 916/263.6145.

Why Purchase Special Events Coverage from CFSA?

- Coverage is available right at the fair office.
- You don't have to request or wait for a certificate of insurance.
- CFSA's rates are very competitive with the commercial market.
- Coverage extends outside the event date for set-up and teardown if noted in the rental agreement.
- Liquor Liability is designed specifically for use with short-term licenses.
- Defense costs are included in the program limits.

How Do I Purchase Special Events Coverage?

Just tell the fair office staff you would like to purchase Special Events Coverage from CFSA. They will do the rest. Every fair in California has a Special Events Rate card from CFSA with a list of the events covered under the program. Rates are determined by the number of people attending your event or for some categories, per day, per booth, or duration of stay.

There are no forms for you to fill out. Fair staff completes a Special Events Coverage Receipt and collects the required fee in the form of a money order or certified check made payable to CFSA. You'll receive a receipt for payment and Evidence of Coverage right on the spot.

That's all there is to it!
